

How to Begin Research

Compile a list of subject key words

Synonyms

Check the spelling

Start Small

Find between 5-10 resources that match your subject. Analyze these sources for your paper before gathering additional information.

Create a rough outline. Based on the information you have already collected write down a summary of what you want to cover in your paper.

Where to Look for Information:

Books - in depth overviews or historic background on a subject.

Database - For scholarly research articles that give specific case data or recent developments in an area.

Internet - for demographic statistics or current information that has not yet been published academically.
